By THE ASSOCIATED PRESS  
Firefighters in the Pacific Northwest got a break from the weather in the battle with forest fires that have plagued the region for more than two weeks. But at least eight of the 10 largest fires continued to burn uncontrolled today. Cooler temperatures and favorable weather Sunday helped to keep some of them in check.

Widely-scattered rain, some cloudy cover and cooler temperatures Sunday helped the more than 9,000 men on the firelines in Idaho, Montana, British Columbia, Washington and Oregon. Forest officials said the "break in the weather" slowed the progress of the flames, giving crews a chance to strengthen fire lines.

Federal and state officials estimated the rash of fires—kindled in tinder dry, practically rainless forests in the last two weeks—had blackened nearly 120,000 acres of valuable timber, brush and rangeland.

# Salb Likes Inch Getting Own Record

DES MOINES, Iowa (AP)—Karl Salb of Crossett, Ark., lacked an inch equally his own meet record, but won the shot put event Saturday in the National Jaycee Track and Field Championships.

Said, a 240-pounder, set the record of 68-1½ in Friday's preliminaries, but could only throw one quarter inch past 68 feet in the finals. Salb also owns the national high school shot put record.

Salb finished third in the discus with a throw of 169 feet, 9 inches. Kelvin Korver of Irving, Tex., won the event with a toss of 176 feet, 11½ inches, a record.

# VETS PROTEST (From Page One)

chiatric report on Patler based on an examination at least 10 years ago. Arlington's commonwealth attorney, William J. Hassan, told the court the examination had been made at the Morrisania Hospital and Mental Hygiene Clinic for the probation department in the Bronx, N.Y.

After the courtroom had been cleared for 15 minutes after the outburst, newsmen and officials returned to find Patler seated at the defense table behind a cordon of police.

Two stood at his back, while six lined up across the bar. There were no further interruptions, and after the 12-minute hearing Patler was briskly escorted back to jail, where he is being held under \$50,000 bond.

Wenberg's outburst was brief. A trim, blond, crew-cut youth, he leaped from a bench in the courtroom shouting the "assassin" charge at Patler and also calling him "you filthy swine!"

A half-dozen policemen swarmed over Wenberg, handcuffed him and carried him out of the courtroom by the hands and feet.

Patler was arrested shortly afterward a few blocks away. Police recovered Saturday what they identify as the murder weapon—a .762 mm semi-automatic Mauser pistol. It was found in a stream three blocks from the shooting scene. Its ownership has not been determined, police said.

Rockwell was shot once through the chest, authorities reported. Two shots were fired through the windshield of his car and it was initially believed the other bullet struck him in the head.

Objecting to the party's plan to bury the 49-year-old Rockwell at Culpepper, Robert Miller, chief of staff for the Veterans of Foreign Wars in Virginia, said: "It is wrong for a man living against the ideals we have fought for should be laid to rest beside comrades who have given their lives for the country's freedom."

Rockwell's family wanted to bury him at Boothbay Harbor, Maine.

In the first of a series of programs on the City Government the Rotary Club heard an explanation of the workings of the City Manager form of government last Friday at the Town and Country. Assistant Mayor Bill Wray introduced City Attorney James H. Plinkinton who spoke primarily about the City Board of Directors, the legislative and executive body in our city government.

The speaker pointed out that Hope was the first community in Arkansas to adopt the City Manager form of government. The other two types are the alderman-mayor form and less-familiar City Commission form. He listed as many people as he could who had served with Hope's municipal governments since 1951.

President Clyde Fouse welcomed club members and four local guests, Harold Henson, Pete Peterson, Twila Hunt, and Gary Golden.

# 14 Persons Survive Plane Crash

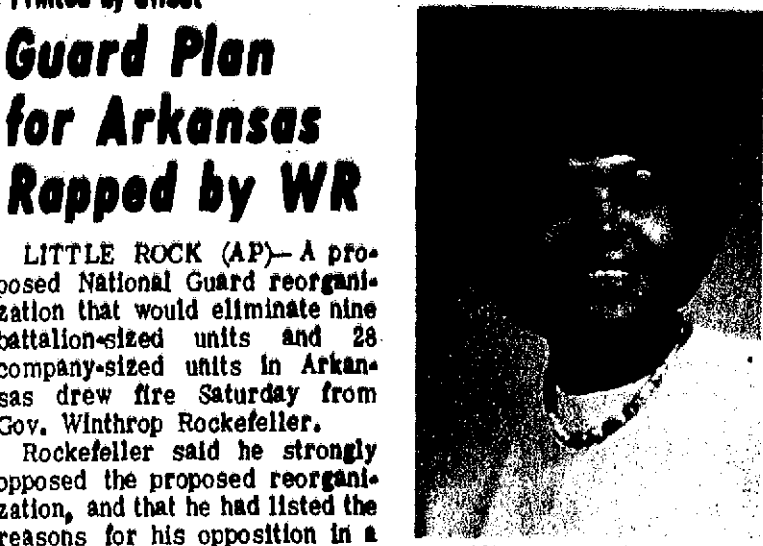

SCITUATE, Mass. (AP)—Some swam, others clung to the wing until boats arrived, but within minutes all 14 persons aboard a commercial airliner which ditched Sunday night in the Atlantic stood wet but safe on shore.

The two-engine Lockheed Electra owned by Provincetown-Boston Airlines Inc., was en route from Provincetown, at the tip of Cape Cod, to Boston, 40 miles away, when trouble developed in the right engine.

Pilot Elwood Hallowell, 398, of Naples, Fla., said he ditched the plane after repeated attempts to prevent it from losing altitude. It came down in about 20 feet of calm water 200 yards off a beach 20 miles south of Boston.

"The pilot really did a hell of a job," said eyewitness Curtis Schermerhorn, 46, a summer resident of Humarock Beach and police chief in Port Dickinson, N.Y.

Mrs. Roscoe C. Smith, former Hopewell teacher, received her Masters of Education Degree from North Texas State University Aug. 24. She majored in Guidance and her minor was in Business Administration.

# Declares WR Fears Being Kidnaped

LITTLE ROCK (AP)—Gov. Winthrop Rockefeller has an "obsessive fear" of being kidnaped, according to an article in Sunday's issue of This Week magazine, a national publication circulated in Arkansas by the Arkansas Democrat.

The magazine says that after visiting Rockefeller, Mrs. Elliott Roosevelt wrote that the governor calls his guards when going between rooms.

"To go from the bathroom to the bedroom, he would pick up the telephone and call the guard," according to Mrs. Roosevelt. "They knew precisely how many steps it was between the two rooms, and that the boss would call back in exactly X minutes with the word that he had arrived safely."

Additional schooling and training would be required to meet the minimum military requirements imposed by the Department of the Army, he said, and the state's service school budget already has been "considerably reduced" for the current fiscal year.

# Car Wrecks Fatal to 6 in Arkansas

By THE ASSOCIATED PRESS  
A one-car accident Saturday night claimed three of the six lives lost on Arkansas roads and highways during the week-end period from 6 p.m. Friday until midnight Sunday.

State Police said a car driven by Johnny Perry, 64, left a curve on Arkansas 51, flipped over and smashed into a tree about seven miles east of Arkadelphia.

Killed were Perry, Lee Summerville, 42, and Eddie Lee Smith, 34, both of Malvern.

Other accidents claimed the lives of Clifford Dewayne Davis, six-month-old son of Mr. and Mrs. Bud Davis of Hot Springs; William Tarron Shaw, 13, son of William M. Shaw of Elm Springs (Washington County) and Margaret Lorenzen of Pontiac, Mich., and James Arthur Hopper, 19, of Huntsville.

The Davis child drowned Sunday after being trapped inside a car that ran off a bridge and overturned in McNulty Lake, four miles south of Aubrey (Lee County).

State Police said he was one of seven passengers in a car driven by his mother, Katherine Davis, 41, who was treated and released at a Marianna hospital.

Officers said a passing motorist, Walter Wooten of Lee County, was able to rescue Mrs. Davis; her mother, Jeanne Pierce, also of Hot Springs; Mrs. Davis' sister, Mary Braswell of Marianna, and four other children.

Mrs. Braswell and Mrs. Pierce were admitted to the hospital, but the extent of their injuries was undetermined. None of the other children were injured.

The Shaw youngster was dead on arrival at a Springdale hospital Saturday night after being struck by an automobile while walking along Arkansas 112 in Elm Springs.

her husband, Alvin, as he waited on the dock as the Coast Guard returned her body ashore Sunday night.

Lownsbury, an iron worker, had made the wedding sky dive with his bride. He quit jumping earlier this year after suffering his fourth broken leg.

The other known drowning victim was Dorsie Kitchen Jr., 33, also of Akron.

One of the missing, Michael Thiem of Springfield, had told friends before the jump that he didn't like the idea of going. It was too close to Lake Erie and he couldn't swim, he told them.

Winds were estimated at 58 miles an hour at 20,000 feet.

Robert Coy of Springfield, one of the survivors, said, "I was shocked and flabbergasted to see that I was over the lake. We assumed we were over the field."

"As soon as I broke out of the clouds, I knew something was wrong," Coy added. "All I saw was water." Coy had made 262 previous jumps.

"The waves were over my head and water was swishing into my mouth," he added. Coy said he stayed afloat by making an air pocket within his crash helmet.

Twenty-three persons had been scheduled for the flight, but only 20 made it. The patrol said the jump was attended by parachutists from various parts of Ohio, and not sponsored by any one group.

There will be an adult farewell party for Wanda and Seb at the Hope Country Club on Wednesday night Aug. 30, at 8:30 p.m.

## LADIES DESSERT—BRIDGE AT COUNTRY CLUB

Mrs. Herbert Burns, Mrs. Don Usry, and Mrs. Newt Pentecost were hostesses for a Ladies Dessert-Bridge at the Hope Country Club on Thursday, August 24. Zinnias in green, red, and bronze as well as marigolds made a pretty floral setting for the party.

Ice cream cake was served with coffee or tea, and then bridge was played at 5 tables. High scorer for the afternoon was Mrs. Marian Holder, and second high was Mrs. E. E. Wasell. The game prize went to Mrs. C. P. Tolleson and the traveling prize to Mrs. Sam W. Strong, Jr. Mrs. D. W. Hensley of Benton was an out-of-town guest.

## MORNING PARTY FOR JAN GAINES

A morning party for Miss Jan Gaines, bride-elect of George Wright, Jr., was given Tuesday, August 15 in the home of Mrs. Byron Heffner with Mrs. Thompson Evans, Jr., co-hostess.

The guest of honor wore a white tulle dress and pinned pink carnations at her shoulder. Similar flowers were presented to the mothers of the engaged couple, Mrs. James Gaines and Mrs. George Wright.

Garden flowers were seen at vantage points throughout the home. The serving table, centered with pink gladiolus, held appointments of silver. Members of the house party included Mrs. Bob Arnold of Arkadelphia and Miss Betty Gaines, sisters of the honoree, Mrs. Bill Hair and Mrs. Clyde Fouse.

Cold drinks and dainty tidbits were served to the 42 who called between 10:30 and 12 a.m. Those guests from out of town were: Miss Donna Kay Cochran of Texarkana; Mrs. Van Moore of Alexandria, La.; Miss Sara Watt of Ruston, La.; and Miss Elsie Weisenberger of Houston. Gifts of silver and china were presented to Miss Gaines by the hostesses.

## REHEARSAL DINNER FOR BRIDE-ELECT

Dr. and Mrs. Geo. Wright entertained with a beautifully appointed rehearsal dinner on Sunday evening, August 27, preceding the wedding of Miss Jan Gaines and Mr. Geo. Wright, Jr.

Miss Gaines was attired in a white lace tulle dress with a yellow sweetheart rosebud corsage at her shoulder.

The Honorees table was enhanced by a low silver bowl of yellow rosebuds and on each end was placed a low silver epergne holding yellow tapers and rosebuds. Adorning the T-shaped table, where covers were laid for 32 guests, were yellow tapers in silver candle holders, entwined with miniature green ivy.

Those attending from out of town were: Mrs. Mary Cahn of Mobile, Alabama, Miss Barbara Glover, Mr. and Mrs. Bob Arnold, Mr. and Mrs. Dick Batson, Ross and Mark, all of Arkadelphia, Mr. Danny Keeley of Blytheville and Mr. and Mrs. Mike Gibson of Jacksonville, Ark. The couple chose this time to present gifts to their attendants.

## MISCELLANEOUS BRIDAL SHOWER

Miss Jo Ann Kidd, who became the bride of Gilbert Brown on August 17, was feted with a miscellaneous bridal shower on August 16 in the lounge of the Southwestern Bell Telephone office.

Miss Kidd wore a blue dress and had a white daisy corsage. A blue and white color scheme was carried out at the entertainment with the serving table covered with white lace over a blue background and centered with blue carnations and majes-

tic daisies in a silver epergne. Punch and cake were served to 48. The honoree received many nice gifts.

Hostesses were: Miss Vicki Bruce, Miss Allie Marlar, Mrs. Ed Aslin, Mrs. Jerry Hollis, and Mrs. Clint Kidd.

## BRIDE-ELECT HONORED

Miss Phyllis Carol Baker, bride-elect of Ronald N. Fuller, was honored with a miscellaneous shower on Wednesday August 16, in the home of Mrs. Pauline Carter with mesdames Jesse Lingo and Opal Cox serving as hostesses.

The bride-elect wore a beige crepe dress and she was presented with a corsage of pink carnations.

A white cut-work cloth covered the serving table which was centered with an arrangement of pink roses. On either side of the roses were placed pink candles in crystal holders. Arrangements of pink and red were seen elsewhere in the home. Small cakes, punch, nuts and mints were served to about 25 guests.

Miss Baker was showered with many lovely and useful gifts.

## MISS PHYLLIS BAKER HONORED WITH SHOWER

Miss Phyllis Carol Baker, bride-elect of Ronald N. Fuller, was honored with a shower Thursday, August 17 given by the Tina Ambassador class of the Garrett Memorial Baptist Church.

Miss Baker wore a blue crepe dress and was presented with a corsage of white carnations. Mrs. W. R. Baker and Mrs. Lloyd Fuller, mothers of the bride and groom, were presented with corsages of green carnations.

A white cloth covered the table which was centered with an arrangement of white flowers and pink candles were placed on each side.

Small cakes, nuts and punch were served to about 30 guests. Those from out-of-town were Mrs. Lloyd Fuller, Mrs. Dale Irbly and Miss Holley Fuller all of Hot Springs.

Miss Baker received many lovely gifts.

## WEDDING ANNOUNCEMENT

Miss Diane Dean, daughter of Mr. and Mrs. Amos Leamons became the bride of R. L. Thompson, son of Mr. and Mrs. Leon Thompson, on Friday evening August 25.

The double-ring ceremony was performed by the Rev. Jones of the Baptist Church in Springhill. Alan Parish served as best man and Leda Morse was the maid of honor. They were married in the

## Wedding Vows Are Repeated

MRS. WILLIAM M. REINHARDT, III

Miss Connie Jane Sparks became the bride of Mr. William Moore Reinhardt III at 8:00 p.m., August 25 in the Asbury Methodist Church of Little Rock.

The bride is the daughter of Mr. and Mrs. W. L. Sparks of Little Rock, and the bridegroom is the son of Mr. and Mrs. W. M. Reinhardt of Hope.

Reverend Edward Hollenbeck, pastor of the Asbury Methodist Church, officiated at the double ring ceremony. Spiral candelabras, white gladiolus, Fuji poms, and stock provided a background for the ceremony.

Mrs. Coy Adams provided the nuptial music at the organ while Miss Donna Sue Croach served as soloist.

Given in marriage by her father the bride chose a floor length gown of candle-light satin accented with Venice lace. It was styled with a rounded neckline and elbow length edged in lace. The empire waistline was fashioned with a sheath skirt and a chapel length detachable train. Her three tiered fingertip veil of illusion was attached to a Queen Ann petal cap. Around her neck, the bride wore a diamond drop which was a gift of the groom and a family heirloom.

The wedding bouquet was a cascade of white roses centered with a white orchid.

Mrs. Cecil Hill, Jr., sister of the bride, was matron of honor. Bridesmaids were Miss Janice Reinhardt of Hope, sister of the groom, Miss Judy Lee, and Mrs. Sam Goodwin, both of Little Rock. Miss Lauren Sparks, niece of the bride, served as flower girl. Thier brushed gold identical floor length gowns design with empire line were accented with Kabuka sleeves. In their hair, each wore matching pole de sole roses with

home of the bride's sister, Mrs. Hulon Morse.

The couple were both graduates of Hope High School and the groom is now in the Air Force. They are honeymooning in Hot Springs.

The couple will reside in Jacksonville for one month and then will leave for a tour of duty in Puerto Rico.

fan shaped veils and each carried a cascade of golden Fuji poms.

Mr. W. M. Reinhardt served his son as bestman. Groomsman were Messrs. Jim Fouse of Hope, Robert Erskine of Prescott, and Larry Sparks of Russellville, brother of the bride.

Mrs. Sparks, mother of the bride, was attired in a French blue silk dress with matching accessories. Mrs. Reinhardt, the groom's mother, chose a mistle green crepe dress with matching accessories. Both wore identical orchid corsages.

After the ceremony, Mr. and Mrs. Sparks were hosts at a reception in the Fellowship Hall of the Asbury Methodist Church.

In charge of the bride's book was Mrs. Larry Sparks. Rice bags were distributed by Misses Cheryl Ann Hill and Shawn Sparks, nieces of the bride. Assisting in the reception were Mrs. Bobby Jones, Mrs. David Case, Mrs. Butch Burnett, and Miss Barbara Horton, all of Little Rock.

For travel the bride wore a black and white double-breasted suit accented with black patent accessories, and a corsage from her bridal bouquet complemented her ensemble.

After a wedding trip to North Arkansas, the couple will reside in Little Rock.

### M.I.L. STAND FOR MIGHTY INCONSIDERATE LADY

Dear Helen: I have a M.I.L. problem. My mother-in-law works part time and has a daughter eight years old. She doesn't have a sitter, or reliable transportation to and from work.

So guess who is called at the most inconvenient moments—me. We have three small children of our own, and one more is a little too much.

Not only do I feed her daughter breakfast and lunch, but I'm asked to pick my M.I.L. up at her house, take her to work, then pick her up and return her home. This means I usually have to wake our infant early, then take him out again in the hottest part of the day.

I don't want to cause bad feelings, but I've just about had it. My husband says, "Tell her you can't help anymore," but he won't say anything. I hint, but it goes right over her head.

We hire our own babysitter when we go out, so it isn't a question of trading favors. — SOLUTION WANTED

Dear S.W.: Your M.I.L. (Most Inconsiderate Lady?) should be told flat out that you're too tired and busy for extras. Should this chill you, then at least let her even up the favors. She can save you four or five dollars a week in baby-sitting money—and if she refuses—you'll no longer feel "mean" about refusing HER.—H

Dear Helen: I know a nice woman who won't wait around forever while I make up my mind about marriage. You see, I can't free my mind of another woman I went with several years before I met her.

I think of Girl No. 1 a hundred times a day. She is hard to forget because we argued so much. Everything had to be her way. She didn't want children—she had two by a previous marriage—wouldn't hear of adopting any. She was bossy, unreasonable, infuriating, untrue, and she could really shake me up.

Girl No. 2 is sweet, agreeable, never inspires jealousy in me, though as far as kissing, both are equal. I like being with her, but is it love when you aren't "shook"?—JAMES

Dear James: I'd guess you don't love Girl No. 1—you still resent her, which keeps you remembering. But until you can convince yourself of this, it wouldn't be fair to marry No. 2. If possible, go back and take a second good look at your first girl. You may wonder why you

MARKED TREE, Ark. (AP) — Gov. Winthrop Rockefeller dedicated the Delta Vocational Technical School here Saturday, defended his choice of out-of-state personnel for key administration positions, then flew back to his Petit Jean Mountain home.

Rockefeller was accompanied by Lt. Gov. Maurice Britt. He returned to Winrock Farms for a Republican Youth Rally which drew an estimated 4,000 teenagers from across the state.

Rockefeller said in his speech here that no complaints were heard when money for new plants and plant officials did not come from Arkansas.

## Twins Cling to First, Just Barely

By HAL BOCK  
Associated Press Sports Writer  
Eddie Stanky's hit sign wasn't doing him much good so the Chicago White Sox' skipper adapted to the conditions and switched to a waiting game.

Stanky's patience paid off in a run without a hit that gave the White Sox a 1-0 11-inning victory and a split of a Sunday doubleheader with Boston.

The Red Sox took the opener 4-3 with Carl Yastrzemski slugging his 33rd and 34th home runs of the season. The split, combined with Minnesota's 6-3 victory over Cleveland, moved the Twins into first place, one percentage point in front of Boston. Chicago is third, one game back and Detroit, which lost 2-1 to Kansas City, is fourth, 1 1/2 behind.

The White Sox, whose team batting average is hovering around .230—ninth best in the American League—had managed just four hits against Jose Santiago and Darrell Brandon in the nightcap. In the 11th inning, Stanky decided to stop swinging and start waiting.

Brandon, who had taken over in the 10th when Santiago collided with catcher Mike Ryan and injured his knee, obliged nicely. The tall reliever walked Duane Josephson opening the 11th. Ron Hansen sacrificed and Brandon then purposely walked pinch hitter Smokey Burgess, who was swinging for winner Gary Peters.

Joel Horlen ran for Burgess and Brandon wild pitched the runners to second and third. He bore down and got Ken Boyer on a bouncer, retiring Josephson along the third base line. Horlen reached third and Boyer first on the play.

Don Buford walked, loading the bases and then pinch hitter Rocky Colavito waited out Brandon's fourth pass of the inning, forcing Horlen across.

Elsewhere in the American League; New York belted Washington 8-2 and California's doubleheader at Baltimore was postponed by rain. In the National League, St. Louis whipped Los Angeles 6-2, Cincinnati outslug Houston 11-8, San Francisco split with Atlanta, winning 2-0 and then losing 4-1. Chicago topped New York 3-1 in a game ended by rain after seven innings and Philadelphia blanked Pittsburgh 2-0 in a 4 1/2 inning rain-shortened game.

Jim Merritt hurled a seven-hitter for the Twins and Rod Carew and Rich Rollins smashed home runs.

Joe Azcue, who was robbed of a homer in the second when Ted Uhlaender made a spectacular catch in center field, tagged a two-run shot in the ninth for Cleveland.

Merritt struck out eight and ran his record to 10-4.

Ramon Webster hammered a two-run homer and Roberto Rodriguez and Paul Lindblad combined for a five-hitter as Kansas City trimmed Detroit.

## Cards Win, Maintain Margin

By DICK COUCH  
Associated Press Sports Writer  
Mike McCormick, San Francisco's comeback king, is playing the hitters one at a time. Atlanta's pitching staff is gangling up on them.

McCormick became the National League's first 18-game winner Sunday, scattering five hits as San Francisco blanked Atlanta 2-0 in the opener of a doubleheader.

The Braves then bounced back to take the nightcap 4-1 behind Ed Rakow, Ramon Hernandez and Phil Niekro, who teamed up for a masterful two-hitter.

The shutout victory was the second in a row for McCormick, 18-6, who blanked league-leading St. Louis 6-0 last Wednesday and has pitched 24 consecutive scoreless innings.

"I never worry about how tough the teams are I face," said the veteran left-hander, re-acquired by the Giants in a trade with the Washington Senators last winter. "I just worry about one batter at a time."

Rakow, unbeaten in three decisions since the Braves rescued him from the minors last month, was clipped for two hits and a run in the first inning of the nightcap. He then pitched five hitless innings, walked two Giants with one out in the seventh and was replaced by Hernandez.

Hernandez threw an inning-ending double play pitch and gave way to knuckleballer Niekro, who completed the two-nutter by retiring all six batters he faced.

The Cardinals whipped Los Angeles 6-2; Cincinnati outslug Houston 11-8; Philadelphia blanked Pittsburgh 2-0 in a rain-shortened 4 1/2 inning game and the Chicago Cubs topped the New York Mets 3-1 in seven innings before rain halted play and washed out their doubleheader nightcap.

Minnesota regained the American League lead by downing Cleveland 6-3 while Boston and Chicago divided a doubleheader, the Red Sox winning the opener 4-3, the White Sox taking the nightcap 1-0 in 11 innings. Kansas City edged Detroit 2-1; New York crushed Washington 8-2 and the California-Baltimore twin bill was rained out.

Run-scoring singles by Ollie Brown and Hal Lanier in the sixth inning provided the Giants' margin against loser Clay Carroll.

## Japan Wins Little League World Series

WILLIAMSPORT, Pa. (AP)—A big sign was held high by a naturalized Japanese woman at the Little League world series Saturday. It read: "Do good job. Await Heaven's orders."

The West Tokyo, Japan, team apparently got the right orders. It went out and beat North Roseland of Chicago 4-1, and for the first time in the 21-year history of this annual series for 11- and 12-year-olds, the title went winging over the Pacific Ocean.

The Japanese team needed a little more than those orders from above to beat North Roseland's Bob Stratta, the youngster who pitched a no-hit, no-run game earlier in the competition.

## Arkansas Team Is Eliminated

MEMPHIS (AP)—Little Rock Arkhola Blocks was eliminated 9-8 from the South-Central American Legion Baseball Tournament Saturday by Houston.

Little Rock, the state American Legion champion, led 7-1 in the fifth inning.

Houston's Roger Cearley drove in six runs with a three-run homer and a bases-loaded double.

## Westchester Meet Solved by Rainfall

By BOB GREEN  
Associated Press Sports Writer  
RYE, N.Y. (AP)—It's reaching the point where it's almost funny, like getting hit in the face with a wet towel.

Three days of rain have turned the Westchester Classic, a \$250,000 affair, from the world's richest golf tournament into a sodden disappointment.

For three days tournament officials have tried to get in the second round. And for three days heavy, soaking rains have turned the lush links of the ultra-plush Westchester Country Club into a quagmire.

Players and officials are bitterly disappointed. And the comments have reached the caustic stage.

At an interview on the edge of the indoor pool, Lee Trevino looked up when someone splashed into the water.

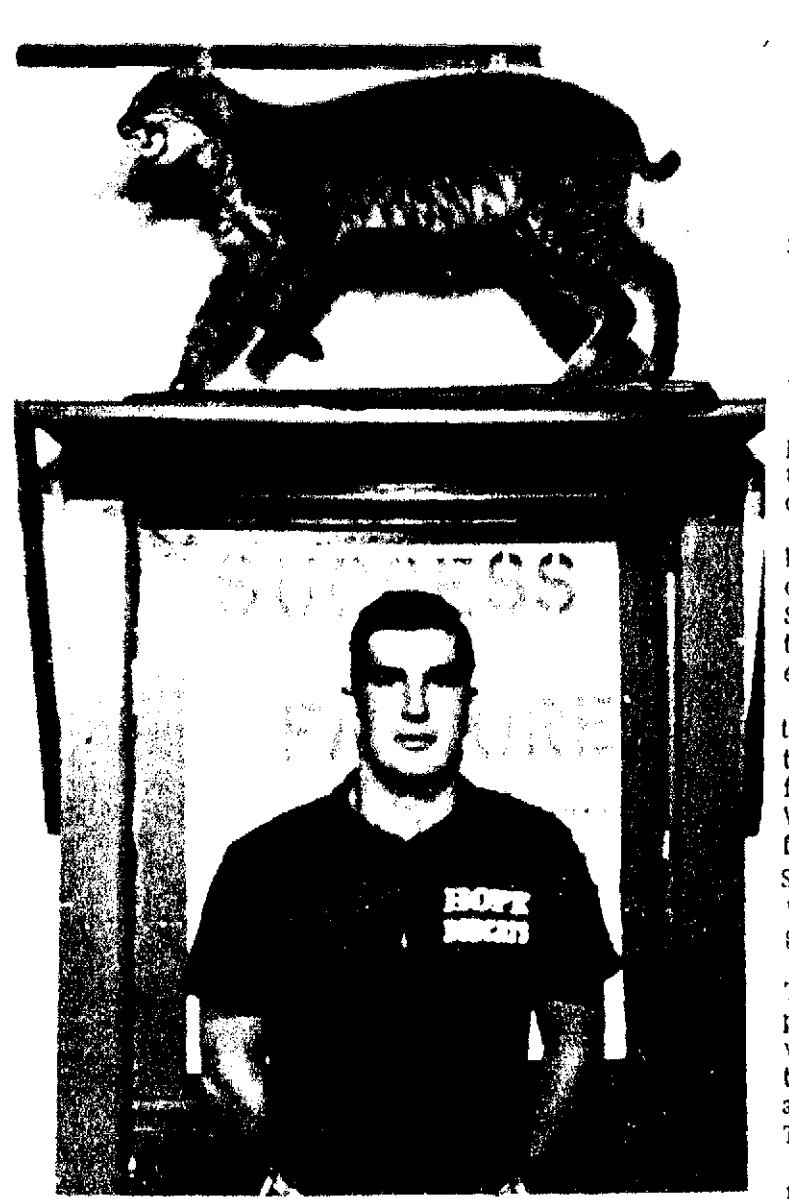

"Someone going after his ball," said the young, El Paso, Tex., pro, one of the chief victims of Sunday's rain-out. He was one of 83 who had finished their rounds when rains and lightning wiped it all out.

Trevino was in with a five-under-par 67 and a 135 for two rounds over the 6,573 yard, par 72 layout. He was tied for second with Gary Pittman, a one-time assistant pro at the club, who had a brilliant 65.

They were two strokes back of Mason Rudolph, the pudgy veteran from Clarksville, Tenn., who had a 67 for 133. All, of course, are wiped out.

Now it all reverts to Thursday's first round results, with Rudolph, Gary Player and Jim Colbert tied for the lead at 66, followed by Jack Nicklaus, John Schlee and Bob Charles at 67.

He is married to the former Jones Watts of Wynne, and they are members of the First Baptist Church of Hope.

## Texarkana Team Wins Pro Game

The Titans of Texarkana came from behind Saturday night in Hammons Stadium to defeat the Trojans of Shreveport, La., by a 25-21 score. Both are charter members of the Southern Football League.

The Titans overcame a 15-point deficit and in the final minutes a rock-ribbed defense held off the Trojans.

Shreveport got on the scoreboard with 3:20 left in the first quarter, a drive of 80 yards. Shackelford took a pass and went the distance. He also made the extra point.

Texarkana roared back. Mills took a pass from Coleman at the Titan 20 and Works went in for the score. Kick was no good. Watkins 11-year run got another for the Trojans before halftime. Shackelford made it 14 to 6. Levensky took a pass all the way to give Shreveport a 21-6 lead.

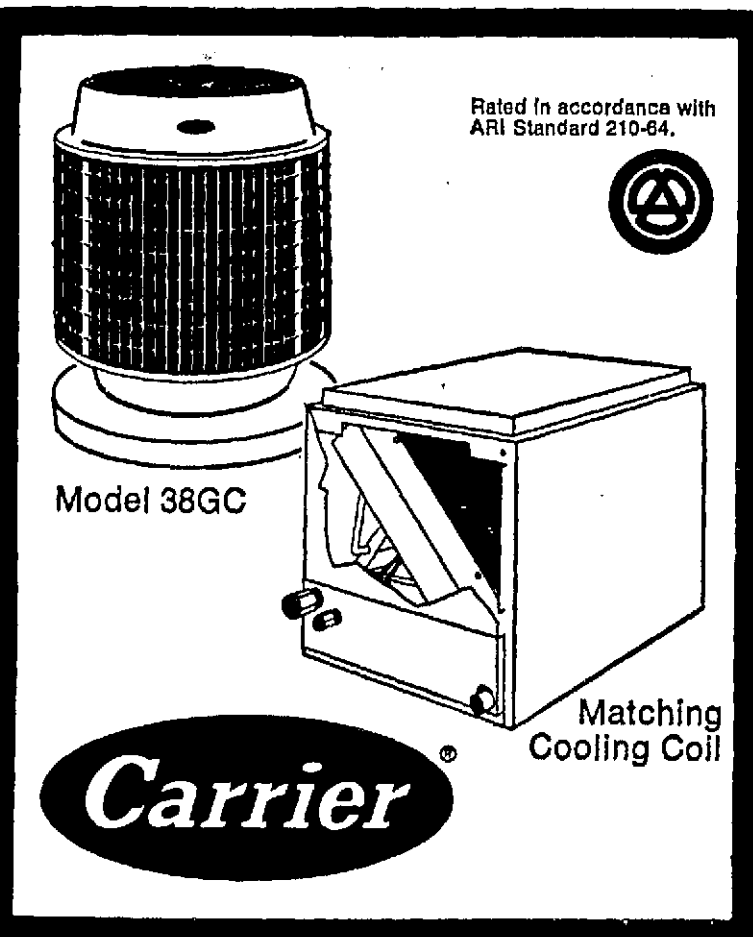

After blocking a field goal try Texarkana went over in nine plays. The Titans scored again when Mills leaped high for the tally pass. Stuart made the point and it was 21-19 with 4:18 left. The Titans set up on their own 25. On third down Murphy rammed to the Shreveport 2 before being hauled down. Coleman scored but the point was missed and that was the ball game 25-21.

Travelers Chalk Up Third Straight

EL PASO, Tex. (AP) — The Arkansas Travelers raced up their third straight victory over El Paso Sunday night, defeating the Sun Kings 3-1 in a Texas League game here.

The Travelers limited their opponents to one hit, which left El Paso with a total of only eight hits for the three-game series.

El Paso took a 1-0 lead in the second inning when Danny Jaster walked the bases full and Tom Egan scored on pitcher Tom Murphy's infield out, but Arkansas' three-run burst in the eighth inning thwarted the Sun Kings' hopes of closing the gap between themselves and the league-leading Amarillo Sonics.

A walk and a pinch single by Tommy Smith put the Travelers in scoring position with two away. Roy Majtyka looped a single to right for the tying run, and Joe Hague drove a grounder into short center to bring home the other two tallies.

El Paso's only hit was Paul Schaal's double off reliever Ted Friel in the fifth inning.

Joe Hamende, who relieved Friel in the seventh, got credit for the victory.

Man Drowns in Lake Calton

EL DORADO, Ark. (AP) — Jimmy L. Wilson, 28, of El Dorado, drowned Saturday afternoon in Calton Lake, about 12 miles north of here.

Authorities said the boat in which Wilson had been riding tipped, throwing Wilson and a friend, W. D. Spencer, into water about eight feet deep. Neither was wearing a life preserver.

The body was recovered about four hours after the accident.

Discoverer of Beatles Dead at 32

By RAYMOND PALMER  
LONDON (AP) — A post-mortem probably will be held to determine what killed Brian Epstein, but one friend said the 32-year-old discoverer of the Beatles had been in poor health for months.

Epstein, whose promotion of the Beatles and other pop music stars made him a millionaire, was found dead in bed at his \$100,000 home near Buckingham palace Sunday.

No notes were found at the house, said a spokesman for Scotland Yard. "As far as we are concerned there are no suspicious circumstances."

After failing to make the grade as an acting student at the Royal Academy of Dramatic Art, Epstein went to work building a record department in his father's Liverpool furniture store. Intrigued by the number of requests he got for a German record made by a local pop group called the Beatles, he sought them out at the Liverpool Cavern Club in October, 1961, and became their manager.

He claimed that he lost money on them for the first year, but late in 1962 their records began spinning to the top of the hit parade, and the money began to pour in.

During the last five years the Beatles are reckoned to have earned between \$56 million and \$84 million, and Epstein's personal fortune was estimated at around \$16.8 million.

Meyer Award to AM&N Quartermiler

LITTLE ROCK (AP) — Arkansas AM&N's Elbert Stinson, who ranks among the world's top 10 quartermilers, has been named July winner of the Charles T. Meyer Foundation Award.

Stinson was voted as the state's top amateur athlete for the month by 10 Arkansas sportswriters. He was named to the United States Pan-American team and equalled the AAU national 440-yard dash record of 45.7.

Former Arkansas quarterback Jon Brittenum finished second for his performance in the Coaches All-America game at Atlanta, Ga. Some of the voters felt Brittenum did not qualify since he had already signed a pro contract with the Miami Dolphins.

Bill Brooks, who played centerfield for the Little Rock state American Legion champion, finished third in the balloting. State College's distance runner Ricky Richardson, Jonesboro swimmer Barry Deacon and Little Rock golfer Charles Honysuckle also received votes.

Baltimore, Oakland in Soccer Play

By THE ASSOCIATED PRESS  
The regular National Professional Soccer League season ended this weekend and Western Division champion Oakland now prepares to meet Eastern Division champion Baltimore in a two-game playoff for the league championship on Sept. 3 and Sept. 9.

Baltimore was beaten 3-2 Sunday by Pittsburgh.

In Saturday's action, Philadelphia beat New York 2-1, and Atlanta blanked Oakland 1-0.

Dr. Fager Still Hoping for Upset

By THE ASSOCIATED PRESS  
Dr. Fager, still clinging to a chance to upset Damascus for the 3-year-old title; Vitrolle, one-half of trainer Eddie Neely's double-barreled threat for the 2-year-old crown; the top 2-year-old fillies of the Midwest; and the best of the 3-year-old fillies in the East combine their talents to make this week one of the most interesting and richest six days of the year in thoroughbred racing.

Dr. Fager, kept from meeting the powerful Damascus in Saratoga's Travers because of a virus, goes in the 1¼ miles of the \$250,000-added New Hampshire Sweepstakes Classic at Rockingham Park Saturday.

In Reality, who picked up first money in the \$100,000-plus Jersey Derby last May 30 when Dr. Fager was disqualified, is at Rockingham waiting for a chance to get even.

The much-traveled Reason To Hall also is headed for the race after finishing fourth in a grass course race at Saratoga Springs last Saturday.

Neloy showed the other half of his double threat for the juvenile

championship last Saturday when What A Pleasure got up in the final strides to take the \$113,975 Hopeful as Saratoga closed its most successful meeting.

Vitrolle is slated to take on some of the Midwest's best Wednesday in the \$25,000-added Futurity Trial Stakes, the final warmup for the Sept. 9 renewal of the world's richest race for thoroughbreds, the \$360,000 Arlington-Washington Futurity at Arlington.

Arlington Park features the \$150,000 Lasso for aspiring juvenile fillies Saturday while Aqueduct offers the \$50,000-added Gazelle for 3-year-old members of the distaff division.

Diplomat Way, who won the 1966 running of the Arlington-Washington Futurity for his richest success, again found an Arlington oval to his liking last Saturday. Racing on the grass he took the \$55,800 Laurence Armour Handicap for 3-year-olds and paid \$8.40 in earning \$31,800.

Broncs Again Win, Chargers Are Smothered

By RON RAPOPORT  
Associated Press Sports Writer  
Steve Tensi, late of the San Diego Chargers, continues to take the surprising Denver Broncos to American Football League respectability. John Hadl, the present San Diego quarterback, continues to take his lumps.

Tensi, traded to the Broncos before their victory last week over Minnesota, brought Denver from behind to beat Oakland 21-17 in North Platte, Neb., of all places, while Hadl was given rude treatment by the Los Angeles Rams, who crushed the Chargers 50-7 in San Diego.

The Rams of the National Football League intercepted two of Hadl's first-quarter passes and turned them into touchdowns, then forced him to fumble and scored again. By halftime, the Rams led 43-0, causing some caustic appraisal from Charger partisans.

"The worst I've ever seen a pro team play," said Eugene Klein, part owner of the club. "I just don't know. It's unbelievable." The San Diego exhibition record is now 1-3.

Tensi, in the meantime, heaved a 39-yard pass to Neal Sweeney, setting up Denver's first touchdown the first time the Broncos got the football.

Then, in the fourth quarter, after Oakland fought back to a 17-14 edge, Tensi's 42-yard pass to Eric Crabtree put Denver in position for the go-ahead touchdown.

In the only other exhibition game Sunday, New York beat Minnesota 21-3 in an NFL game.

On Saturday, Washington of the NFL beat the AFL's Boston 13-7. Pittsburgh took St. Louis 24-13 in the NFL. New York downed Houston 13-7 in the AFL. Baltimore knocked off Detroit 14-5 and New Orleans took San Francisco 24-10, both in the NFL.

Green Bay and Dallas of the NFL meet in a televised contest tonight.

Man Hit and Killed by Train

STAR CITY, Ark. (AP) — The badly mangled body of Nathaniel Spencer, about 45, of Grady (Lincoln County), was discovered about 11 a.m. Saturday at a railroad crossing about two miles south of Grady, 11 miles northeast of here.

Coroner Grant Griffin said Spencer apparently had been hit and killed by a Missouri Pacific freight train while walking along railroad right of way Friday night.

## WIN AT BRIDGE

## Opening Lead Defense Key

By Oswald & James Jacoby  
Newspaper Enterprise Assn.

Oswald: "When I was learning bridge there were definite rules for the opening lead. You were given wide latitude in choice of the suit but every one agreed on the right card to lead, once you picked the suit."

Jim: "The rules had changed very little when I was learning the game. Today every expert has his own theory of which card to choose. They tend to lead top of two; with three to the king, queen or jack they lead third best just as they did in the good old days. They also lead low from three to the ace against no-trump, but no one is likely to lead from an ace against a suit bid."

Oswald: "Three small is the great problem. Most lead third best, a few still lead the top as they did 30 years ago and some play a convention called MUD—middle, up and down. In other words, lead the middle one and play up or down later as the spirit moves you."

Jim: "You aren't any sort of

standpatter. We both lead low from three small except when we have raised our partner's suit and he can figure out that our seven or eight isn't the top of a doubleton."

Oswald: "All this brings us around to today's hand and something ultramodern. Fifteen years ago we always lead fourth best from four or more small cards. Today, we frequently lead the top so that partner won't play us for an honor."

Jim: "When today's hand was played in the Mid-South Regionals in Edgewater Park, Miss., every South player reached four hearts. Where East did not overcall, a diamond was usually opened and South would make 12 tricks. With a spade overcall and spade raise the old-fashioned three of spades lead spell trouble for the defense. East would finesse the ten and South would take all the tricks. When the seven of spades was opened, East would go right up with the ace and return a club to hold South to his contract."

## Timely Quotes

There is another kind of ghetto—an interior ghetto of the mind where we seal off parts of democracy that don't suit us, where we box off our obligations to justice and shut out our commitments to fairness. This ghetto of the mind is no less stinking and rotten than the ghetto of the city. —Sargent Shriver, director of the Office of Economic Opportunity.

GIANT BOILING POT sends clouds of steam, ash and cinders 1,000 feet into the sky in the North Atlantic southeast of Reykjavik, Iceland, as a new volcanic vent in the ocean floor spews hot lava. The lava appears to be forming a new island, just as the island of Surtsey, seen in the background, was formed in November of 1963.

## THE WELL CHILD® Follow Safety Rules In Sandlot Football

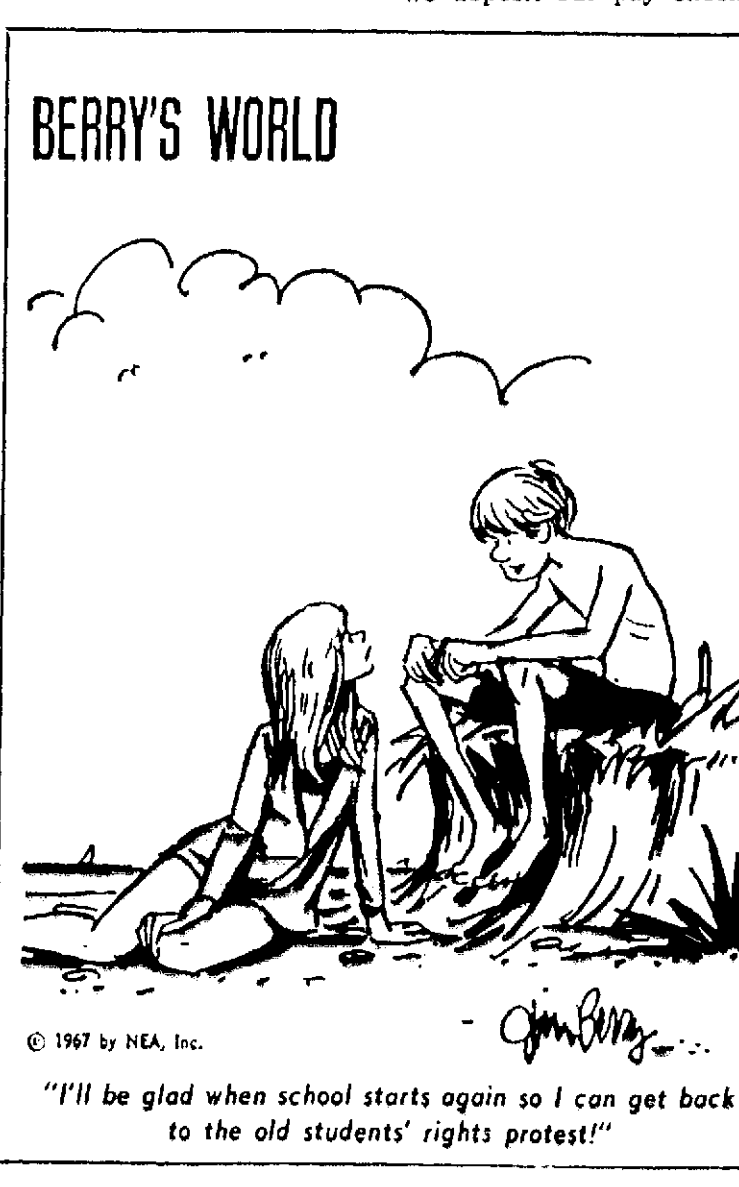

By WAYNE G. BRANDSTADT, M.D.  
Newspaper Enterprise Assn.

Coaches and school physicians have done much to make football a safer game for your boy in high school or college, but what about those who play sandlot football? The players are usually younger and there is no coach, doctor or referee present and no protective equipment is used. Sandlot football has the advantage over organized school football in that there is less pressure on your boy to overexert and win the day for dear old Siwash.

On the other hand it is estimated that sandlot football accounts for about 22 per cent of all football deaths. Fathers of football-minded youngsters can do a lot to prevent injuries and deaths in several ways. One of the best ways is by acting as coach whenever possible. Teach your boy how to relax and roll as he falls to minimize injury. Teach him, when waiting for the ball, to assume a flexed position, leaning forward slightly with his knees bent but not stiff. He should also learn to keep his head up at all times.

These young players rarely, if ever, engage in the recommended pregame warm-up in the absence of a coach. For this reason it is doubly important to make sure that they are in prime physical condition. Boys who have had rheumatic heart disease greatly endanger their health by playing in any kind of contact sport, as many have found to their sorrow. Since his parents cannot be with him every minute, they must impress on such a boy the need for him to recognize his limitations.

All sandlot football should be restricted to touch football because the absence of pro-

## Receives Scholarship

BETH LAWRENCE AND MITCH LAGRONE

Elizabeth Serving Lawrence, daughter of the Rev. and Mrs. L. T. Lawrence, is shown here, receiving a \$500 Scholarship Award from Mitchell LaGrone Vice-President Citizens National Bank. The Scholarship is an annual award made each year to an outstanding High School graduate by the Bank.

Miss Lawrence is a member of the Society of Academic Achievement and an honor graduate of Hope High School. She received the 1967 DAR Good Citizen award, the Quarterly and Annual Joe Amour Award, and the Irma Dean Award. She is a member of the National Honor Society, a Student Council Representative, the Pep Club, Mu Alpha Theta and Quill and Scroll.

During the summer Miss Lawrence served as a Hospital Nurses' aide. She is a member

of the Youth Fellowship of the First Presbyterian Church and the Adult Choir.

Miss Lawrence plans to attend Texas Woman's University to become a Physical Therapist. After Graduation from college she is considering missionary work in the field as a Physical Therapist.

### Says Smoking Can Ruin Sex Life

MOSCOW (AP) — A Soviet doctor says heavy smokers should beware—nicotine can deaden their sex life.

Writing in the magazine Science and Life, Dr. Ilya Porudominsky warned that experiments show "nicotine causes harm to the sex centers" and is one of the chief causes of impotence among Soviet men.

### WANTED! Men & Women

from ages 18 and over. Prepare now for U.S. Civil Service job openings during the next 12 months.

Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases

only one out of five pass. Lincoln Service has helped thousands prepare for these tests every year since 1948. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.

## Car Thieves Apparently Pressure Is Are Among the Worst on Drivers in World

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Car thieves must be the world's worst drivers. Safety officials say their accident rate is 200 per cent above that of motorists driving their own cars. Incidentally, owners of 40 per cent of the 600,000 cars that will be stolen this year will make the job easier for thieves by leaving the ignition keys in their parked vehicles.

The reason people dream of having a castle in Spain is that it's simpler to find one there. Spain has some 1,500 castles, but the plumbing of many is still as medieval as their battlements.

Prosperity Note: A pawnshop on First Avenue here posts this sign: "It's no crime to be broke. The crime is to be broke when you can hock something."

The camel is able to endure travel across dry desert wastes so well partly because he is able to manufacture his own water supply as he plods along. He can convert the fatty hump on his back into eight gallons of water. A number of other creatures have this handy metabolic gift. The camel moth, for example, never drinks water but lays eggs that have an 80 per cent moisture content.

Quotable notables: "More free time means more time to waste. The worker who used to have only a little time in which to get drunk and beat his wife now has time to get drunk, beat his wife—and watch television." — Robert Hutchins.

Is a cramped bed making you grouchy? Because one out of five men now is six feet tall or more, the U.S. Navy is ordering 80-inch mattresses for its bunks. But it is estimated that 98 per cent of Americans still sleep on the old standard 75-inch mattresses. They give a 5-foot-9 inch man only six inches for toe-and-pillow room.

Farewell to money: Cash is already getting obsolete, and personal checks soon may be, as it now costs banks up to 22 cents each to handle them. This doesn't include the loss from 50 million bum checks written each year. Banking officials predict that in the future each individual will carry a universal credit card bearing his Social Security number.

Just how polluted is our atmosphere? Here's a startling comparison: In 1965 America produced about 132 million tons of steel. That is 10 million tons less than the weight of soot and noxious gasses expelled into the air each year.

The biggest objects in nature that aren't tied down are icebergs. One mammoth berg sighted off Antarctica in 1956 measured 208 miles long and 60 wide. It was estimated to have an area roughly equal to Connecticut and New Jersey combined, and would satisfy for a lifetime the ice cube needs of all the world's martini quaffers who like their drinks "on the rocks."

Changing jobs: Four of the beauties in the chorus line at Jules Podell's Copacabana night club here used to work as secretaries.

Worth remembering: "Content makes poor men rich; discontent makes rich men poor."

Folklore: To kill a wart, rub it with a penny. Hang wolf teeth around a child's neck and it will grow up to be fearless. If you recite the Lord's Prayer backward at midnight, the devil will appear to you. A woman with a "widow's peak"—a V-shaped hairline—will lose her first husband but remarry soon.

### American Hopes Dashed in Tennis

BROOKLINE, Mass. (AP) — The U.S. National Doubles tennis championship was headed abroad for the third straight year today with the first all-foreign final since 1900 assured in the 87th annual tournament at Longwood.

America's last hopes for regaining the title won by Australians the last two years were dashed Sunday as Aussies Owen Davidson and Bill Bowrey, the No. 2 foreign seed, whipped U.S. Davis Cup teammates Clark Graebner of Beechwood, Ohio and Marty Riessen of Evanston, Ill., 4-6, 6-3, 9-11, 13, 8-6.

The victory sent Davidson and Bowrey into Tuesday's championship round against the winner of today's semifinal between top-seeded Australians John Newcombe and Tony Roche and unheralded South Africans Cliff Drysdale and Ray Moore.

## on Voters in Vietnam

By PETER ARNETT

TAN AN, Vietnam (AP) — In the thatched-roof villages that line the canals criss-crossing the Mekong delta, and in the government towns surrounded by barbed wire, the official word—delivered by millions of leaflets, by radio broadcast, loudspeaker announcements and television—is that South Vietnam's presidential election

Sept. 3 will be the first opportunity for the Vietnamese people to make a free choice for a government.

But the hard facts in a country that has been dominated by dictatorship for years threaten hopes that democracy is even beginning if recent events in the northern Mekong delta are duplicated elsewhere.

A government official suspected of supporting a presidential slate other than that of Gen. Nguyen Vann Thieu at Premier Nguyen Cao Ky might lose his job, the fate of the deputy province chief for security in Long An Province, Maj. Nguyen Van Xanh.

At a rally in Tan Tru district,

two questioners expressed interest in the income of military leaders and their hopes for a peaceful solution to the war.

Two known secret policemen loudly began inquiring for the questioners' names and addresses. When word got around the province, no more embarrassing questions were asked.

Market-goers see the smiling faces of Thieu and Ky on 95 per cent of all government-printed election posters, particularly at busy intersections and on government buildings.

Should the peasants be unsure of a choice among the 11 presidential slates, he might be enlightened by any of the district chiefs. All openly favor the

Thieu-Ky ticket. Special booths are being provided for soldier voters in some districts, suggesting to some observers the possibility of voting irregularities.

As the current chief of state and premier of Vietnam, Thieu and Ky head a government and military apparatus that employ one million people. Many observers feel this guarantees their election. No other candidates have anywhere near the broad following that the military men can pull.

The dibble and the hoe were the earliest farm implements used by man; he knew nothing of the plow.

### Automation County Yearbook Marked Curbs

If you are planning any out-of-town trips it is mandatory that you reform your check-writing habits between now and Sept. 1. For on that date all American banks switch to the electronic system of sorting checks—and if you use a blank check other than one from your home bank you'll find you can't cash it in another city.

Banking is joining the industrial swing to automation. The trick is turned by imprinting each bank's code number on its blank checks with magnetic ink, similar to the magnetic application which enables tape recorders to replace disc records. Thus several banks may use a central sorting machine with assurance each bank will get back only those checks belonging to it.

The old hand-sorting system permitted a person away from home to alter a check in the town he was visiting and still get it cashed. But not on Sept. 1. Beginning that day you'll simply have to remember to take some of your home bank's checks with you when you leave town.

Judge Finis Odom came by last week and left us a copy of the 1967 edition of "This Is Arkansas," the official annual publication of the Arkansas Association of County Judges, Inc.—and a beautiful book it is. Hempstead County's history and economic summary appears on Page 147. Included are a picture of Judge Odom and—to our surprise and gratification—an enthusiastic mention of HopeStar for its pioneer work in four-color printing with the Berkeley color separator.

Another illustration is a county map showing the principal local roads and rural communities. It is a beautiful annual of which the county judges and their constituents may well be proud.

Where the state has put down new surfacing you will note that a new white line has been installed to mark the edge of the road.

All states mark a highway's center-line, but the practice of marking the outside edges of the road began in this area, I believe, with Louisiana. Now Arkansas is adopting outside markers—a most excellent safety feature.

You have only to read the papers to recognize this. Too many accidents occur from a car striking a culvert on the edge of the road. An outside marker line tells the driver exactly where he is with respect to culvert abutments, and should help reduce America's traffic toll.

## Extradition Waived in Murder Case

GRAVETTE, Ark. (AP)—Benton County authorities said Sunday that a Southwest City, Mo., man wanted for first degree murder waived extradition and was taken into custody by sheriff's deputies from McDonald County, Mo.

McDonald County Sheriff Earl Speers identified the man as Harold Garrett, who is charged in the fatal shooting of Jack Gibson, 45, of Carl Junction, Mo. Speers said Gibson was shot once in the chest with a .22-caliber rifle Saturday night near Southwest City. He said Gibson died about 20 minutes after Garrett drove him here for medical treatment.

Speers said he had thought the shooting was accidental until Gibson's wife filed a complaint with his office.

Benton County authorities arrested Garrett Saturday night when he wrecked his car after leaving Gibson at a medical center.

Southwest City is about 20 miles from Gravette.

## More N. Koreans Have Defected

SEOUL (AP)—Three North Koreans including an army captain have defected to the South, the South Korean defense ministry said today. The defections brought to seven the number of North Koreans who have abandoned the North this month.

## Negro Vote a Factor in Mississippi

BY VERNON A. GUDRY JR. JACKSON, Miss. (AP)—A sharp increase in the number of Negro voters could be a deciding factor in Tuesday's Democratic state primary.

The contenders for governor, Rep. John Bell Williams and State Treasurer William Winter, have pushed state's rights to the foreground of the campaign. But race has remained a muted issue.

There are no official figures but state officials estimate that in the past four years the number of registered Negro voters has jumped from about 30,000 to about 200,000. The increase took place in large measure after enactment of the Federal Voting Rights Act of 1965 and a series of voter registration drives.

## Vets Protest Burial Site for Rockwell

ARLINGTON, Va., (AP)—A psychiatric hearing was ordered today for John C. Patler, 29, accused of murdering Commander George Lincoln Rockwell of the American Nazi party. Patler's preliminary hearing was thereupon postponed until Aug. 31.

Today's proceedings were interrupted briefly by the cry of "you filthy assassin," shouted at Patler in the courtroom by a man identified as Eric Ray Wenberg, 21.

Court officials said Wenberg is an Australian, in the United States on a tourist visa and now living at the Nazi party headquarters near which Rockwell was shot to death last Friday.

Arlington County Judge L. Jackson Embrey sentenced Wenberg to 10 days in jail and a \$50 fine, for contempt of court.

Judge Embrey said he would appoint a panel of three psychiatrists to examine Patler.

Embrey said he would also ask for an official copy of a psy-

## Toned-Down Poisons From Sea May Yield Man New Medicines

By FRANK CAREY AP Science Writer

KINGSTON, R.I. (AP)—Tone-down poisons from animals and plants of the sea may ultimately yield powerful new medicines for mankind, a scientist said today.

Prof. Ara Der Marderosian of the Philadelphia College of Pharmacy and Science made the forecast at a symposium on "Drugs from the Sea" being held at the University of Rhode Island.

Indeed, he said, one such toned-down toxin—a chemical called tetrodotoxin and derived from the puffer fish of the Pacific—already is in use by Japanese physicians as a muscle relaxant and as a pain killer in hopeless cases of cancer.

Two other researchers said a potentially paralyzing chemical—called saxitoxin and obtained from contaminated shellfish—appears to offer a lead toward improved local anesthetics for use in dentistry and minor surgery.

They indicated, however, that the research—at the U.S. Public Health Service Laboratory in Narragansett, R.I.—has so far been limited to experimental animals.

The symposium, being attended by more than 200 researchers from university, government and industrial laboratories is co-sponsored by two scientific organizations and by the University of Rhode Island's College of Pharmacy.

Prof. Marderosian also listed several other new drugs, aside from the poison class, derived from creatures and plants of the sea.

These include: a chemical tapped from the "electric eel" and now used as a powerful antidote for pesticide poisoning, a

The United Fund Board of Directors met Tuesday afternoon, August 22nd for the purpose of the election of officers for 1968 and making plans for the 1968 campaign.

Elected to head the organization for 1968 was Harold Hendrix, local pulpwood dealer, Calvin Smith, manager of Scott Stores was named vice-president, B. N. Holt, secretary and Eugene White, with Greening-Ellis Company was named treasurer. James E. Pruden, manager of Hope Eggland, was elected Fund Drive chairman for 1968. A budget and admissions committee consisting of Guy Grigg, Will Rutherford, Calvin Smith, James E. Pruden and Harold Hendrix was appointed to review the budget requests from participating organizations and have a report for the board at its next meeting.

The Annual Fund Drive will begin sometime in October and the date will be announced by fund drive chairman Pruden and fund president Hendrix.

Chemicals Taken From Truck

FORT LITTLETON, Pa. (AP)—Two Army explosive experts, braving possible death, hurled smoldering cargo from a chemical-laden truck early today and ended the threat of a deadly explosion in this small mountain town.

Capt. Robert Leidecker and Sgt. Benjamin Albertson, wearing gas masks, flung open the doors to the smoking van as a stubborn fire licked at a box they said contained a metal cylinder filled with a hazardous chemical.

State Police Trooper Earl Allman said if the fire reached the cylinder it could have exploded and ignited the rest of the chemicals, releasing deadly fumes.

The threat hung over this south central Pennsylvania town of 100 for six hours Sunday night.

## Winds Hit Sky Divers, 14 Are Lost

HURON, Ohio (AP)—Eighteen veteran sky divers plunged through an overcast and strong winds into Lake Erie Sunday, missing their target by 10 miles. Only two were known to have survived.

Fourteen still were missing and hopes for them dwindled—but a search continued. Two bodies—including that of a woman who had celebrated her wedding by sky diving—were recovered.

Two other men missed the ill-fated jump because they wanted to leap from a higher altitude on a second pass—and two of the 18 who plummeted into Lake Erie were rescued.

They were picked up by fishermen soon after they hit the water.

An armada of Coast Guard, Air Force, Navy, Army and private boats and planes swept the lake throughout the night without results. Helicopters hovered over the area as planes dropped flares to illuminate the lake.

Coast Guard Lt. Paul Potter said chances of the 14 surviving the night in the 72-degree water were "slim."

Exactly how the 18 Ohio parachute enthusiasts—most of whom had more than 100 jumps to their credit—missed their target by 10 miles was unknown.

"As far as I knew, I was right where I was supposed to be," the pilot, Robert Karns of Vermilion, told Ohio Highway Patrolman John Shimp.

Shimp quoted Karns as saying he was flying by a radar fix furnished him by the Federal Aviation Agency tower at Hopkins International Airport in Cleveland and a Loran Station at Amherst.

The divers were unprepared for the landing in water. None had floating equipment, the two survivors said. Each carried about 50 pounds of equipment.

Patricia C. Lownsbury of Akron—who had celebrated her wedding on June 28, 1964 by sky diving with her husband—was found dead in the water.

"She loved sky diving," said

## Rep. Feild Worried Over State Finances

LITTLE ROCK (AP)—Democratic members of the state legislature expressed concern for the state's financial condition Saturday, and it appeared that any program proposed by Gov. Winthrop Rockefeller in the special session expected in January would face tough sledding.

State Rep. Talbot Feild Jr. of Hope said he didn't think the legislature would be able to finance any of Rockefeller's programs.

"We had better start cutting back, and we are going to have to live within our means," Feild said. "If we don't, we are going to be in serious trouble."

State Rep. John Paul Capps of Searcy said he thought the state would have to start holding the line on spending "to make up for the present deficit spending."

"I haven't really looked into the situation," said Rep. Joe Hamilton of Harrison, "but I think we are in a precarious position."

State Sen. Morrell Gathright of Pine Bluff said the legislators saw the money squeeze coming before the regular session last spring.

"The idea of appropriating not only all anticipated income, but all working balances to me wasn't a sound approach to the fiscal situation," Gathright said.

State Rep. Harry Colay of Magnolia suggested that Rockefeller begin drawing up a list of his programs now and establish some sort of priority. If there are not sufficient funds to finance them all, he said, some are going to have to be discarded.

Julian Hogan director of the state Administration Department, said last week that the state had to borrow more than \$1 million from its reserves in order to pay July's bills.

## House Group Calls on Vietnam Government for Housecleaning

WASHINGTON (AP)—A House subcommittee, citing improvements in some aspects of U.S. aid to Vietnam and continued shortcomings in others, says unless the South Vietnamese government takes action "the advisability of U.S. involvement is questionable."

The report from the Foreign Operations and Government Information subcommittee says black market activities continue in Saigon, though on a lesser scale than previously, as excessive quantities of some products are flooding Vietnam.

"The responsible U.S. officials are as much at fault as the government of Vietnam," said the report, released Sunday as a followup to a 1966 subcommittee study.

Unless the South Vietnamese government takes corrective actions, the report concludes, "the prospects of success are minimal and the advisability of U.S. involvement is questionable and could lead to a reassessment of the U.S. position."

The report asked Secretary of State Dean Rusk to "direct the U.S. ambassador in Vietnam to inform the government of Vietnam in no uncertain terms of the necessity for its cooperation and commitment."

"The U.S. Congress and the American taxpayer expect considerably more than has been demonstrated by the government of Vietnam in the past."

But it said "The United States has consistently failed to take a firm stand in its dealings with the government of Vietnam."

If recommendations are ignored, it said, Congress could take "the more drastic measure of cutting appropriations."

The report said it is still possible "to obtain PX liquor at bars in downtown Saigon and to purchase PX goods at street stands in the city." But it noted increased security at the U.S. military post exchanges, or PXs, and said: "It seems unlikely the black markets will ever be eliminated completely." Up to 40 per cent of civilian U.S. goods shipped to Vietnam went into the black market in 1966, estimates the report. It gives no figure for this year's rate but says: "All the evidence provided the committee tends to indicate that the scope of this activity is reduced."

Health Planning Director Named

LITTLE ROCK (AP)—Gov. Winthrop Rockefeller has appointed Edward Rensch Jr., 40, of Little Rock, as Arkansas Health Planning director.

Rensch, a native of East St. Louis, Ill., has been assistant administrator of St. Vincent Infirmary in Little Rock since 1966. He was assistant superintendent at the New Castle (Indiana) State Hospital before joining the St. Vincent staff.

## Ky Campaigns With Civil Candidates

By JOHN LENGEL HUE, Vietnam (AP)—Premier Nguyen Cao Ky campaigned today with the civilian candidates in South Vietnam's presidential election for the first time.

The premier, a candidate for vice president on the military ticket with Chief of State Nguyen Van Thieu, encountered only mild heckling although Hue was the center of a Buddhist rebellion which Ky put down with troops 18 months ago.

"It just happened," said Ky when asked by newsmen why he made his first appearance in Hue.

About 6,000 people were in the central square of a girl's school to hear the candidates. The premier listened as presidential candidate Truong Dinh Dzu said: "The government has made many mistakes and the people now have a chance to dismiss it."

## 10 Marines Killed by Red Mortars

By GEORGE MCARTHUR SAIGON (AP)—The Communists kept up their intensified mortar and rocket attacks for the second day today, killing 10 U.S. Marines, wounding 106 and destroying or damaging 12 helicopters.

The barrages against two Leatherneck bases in the northern part of South Vietnam followed a series of 12 mortar shellings up and down the country Sunday which killed or wounded more than 300 persons, most of them civilians.

U.S. officials considered the attacks another Communist effort to scare the South Vietnamese from voting in the presidential election next Sunday. It had been months since the Communists made a coordinated effort like they did Sunday.

In the air war against North Vietnam, the U.S. Command announced that last week matched the worst previous week for warplane losses, with 15 down over the North. Two planes—an Air Force F4 Phantom and an F100 Supersabre—went down Saturday and only one of the four crewmen aboard was rescued. A total of 22 fliers was reported missing during the week.

A delayed report from the command said U.S. B52 bombers killed 11 South Vietnamese policemen last Monday in the southern half of the demilitarized zone (DMZ) between North and South Vietnam. The command said the target area had been approved in advance by the South Vietnamese province chief and that all bombs hit in the approved area.

Communist gunners struck today at a Marine helicopter airstrip near Da Nang and at the Leatherneck base at Dong Ha, seven miles south of the DMZ. Four Marines were killed, 80 were wounded, three helicopters were destroyed and nine were damaged at the airstrip, military spokesmen said. The attack at Dong Ha killed six Marines and wounded 26, AP Correspondent Robert D. Ohman reported from Da Nang. He said 110,000 gallons of fuel were destroyed.

Two Marine jet pilots later reported they destroyed seven of the 12 Communist firing positions around Dong Ha.

The most severe of Sunday's bombardments was at Can Tho, the biggest city south of Saigon. Officials said mortar shells killed 37 Vietnamese and wounded 203, and 51 of the casualties resulted from shells hitting a big hospital close to the U.S. military advisory compound.

Farmers were reminded today of a very important part of the election process for Agricultural Stabilization and Conservation (ASC) community committee members, especially where ballots are mailed in to the ASCS county office, in Hempstead county, the deadline for returning ballots in the community elections is September 12, 1967.

R. E. Arnold, Chairman, ASC County Committee points out that two envelopes will be mailed with the ballots sent to all eligible voters of record in the county office. One envelope is plain and the other has a statement printed on the back which the farmer needs to sign. A witnessed mark will also qualify as a signature.

The ballot should be marked and sealed inside the plain envelope; growers are cautioned not to enclose any other material. Also, do not write on the plain envelope. This assures the secrecy of your vote.

The plain envelope should then be put inside the envelope with the statement on the back. This statement is a certification that the ballot was marked by the farmer personally without undue influence by any person. The envelope should then be mailed or otherwise delivered to the ASCS county office.

"Be sure to sign this statement on the back of the outside envelope," the Chairman urges. "If it is not signed, the ballot will not be considered a vote."
